

To the Citizens of Brookline!

The citizen soldiers of our town, who, in answer to the call to arms, left their occupations and their homes to meet the needs of our country wherever called, and who have done service on the Mexican Border, are, within a few days, to be mustered out of service and to return to Brookline.

It seems fitting that our citizens should, upon the arrival of these soldiers, do honor to them and show their appreciation of the patriotism and sacrifices of these men who, when the call of duty sounded, stood ready to offer their services for the protection of all American Citizens and in defense of our flag.

A committee has been organized and it is planned to have in our town a military parade, and a reception at a date later to be announced. At this reception appropriate medals are to be presented to each of these soldiers.

Funds to the amount of at least five hundred dollars (\$500) are needed to properly carry out the plans of the committee; and an appeal is hereby made to all the citizens of our town to subscribe that amount.

The committee has full confidence that the citizens will respond to this call, and thereby enable it to carry out a celebration of which Brookline may be proud. Subscriptions should be sent to Henry W. Lamb, Treas., #138 High St., Brookline, Mass.
